Oyama de, issho ni (Together in Oyama)

～ Introducing the people from overseas who help support our town ~

In the “CIR Jack’s Activity Report” section, we have been sharing activities that connect the town with the world, such as school visits, events, and multicultural exchange initiatives.

Starting with the May issue, this section will be renewed.

The name of the new section will be “Oyama de, issho ni”

In this section, I will interview these residents about everyday topics such as their work, hobbies, favorite things, and how they spend their days off. The goal is to introduce them in a way that helps readers feel familiar with them and makes it easier to start a conversation.

I hope this section can become a reason for people to reach out and talk with foreign residents in the community.

Scan the QR code to the right to apply yourself, or to recommend someone else!

This month we introduced Sumyat from Myanmar!
