Japanese Conversation Class

From August 30, Community Based Japanese Conversation Classes will begin.

What are Community Based Japanese Conversation Classes?

Foreign residents and Japanese residents are paired as conversation partners and talk using Easy Japanese.

You can learn not only Japanese, but also about each other's cultures and ways of thinking.

These classes are a place for foreign residents to connect with the local community.

What will we talk about?

We will talk about everyday topics, such as:

- "What foods do you like?"
- "What do you do on your days off?"

We will use **Easy Japanese**, gestures, etc. and work together to understand each other.

What is Easy Japanese?

Easy Japanese is simple, easy-to-understand Japanese.

People use short sentences, replace difficult words with simpler ones, and speak slowly.
